LIABILITY:

1. We have taken the necessary precautions to ensure the safety and good health of clients, no liability will be accepted for injury, illness and/or losses incurred during or after the safari.

FIRE-ARM REQUIREMENT

1. A minimum caliber in the range of 300WinMag is required.

2. Calibers smaller than this minimum can be used on certain species, but will not be allowed on larger species such as Kudu, Eland, etc.
3. Clients are responsible for the supply of their own ammunition.
4. It is recommended that a soft rifle bag, in addition to the rifle case, be brought along for transport between hunting.

GENERAL INFORMATION

to help you prepare for your hunt

1. VISA REQUIREMENTS/INOCULATIONS

No Visa is required for entry into Namibia. You will need only your passport. No inoculations are required. We advise clients to see to it that their tetanus shots are up to date and it is better to take precautions against malaria. We carry first aid equipment, so you do not need to bring any. Obviously, should you require special medication, bring that with you. Make sure you have a high factor sun tan lotion with you.

2. RIFLE IMPORTS

Namibia is one of the most hunter friendly countries in Africa. You are allowed to bring as many rifles as you wish, with an allowance of a maximum of 80 rounds of ammo per rifle. A rifle in 300 magnum range (300 WinMag, 338, etc) will be suitable for any African game up to Eland. You will be required to fill out a Rifle Import/Export Application, which must be handed to the police at the airport. At the bottom of this application form there is a table to be filled out. Some of the questions is a little confusing, this is what they require:

Type	Caliber	Serial No.	Type	Caliber	Quantity
Rifle	300 WinMag	B123456	Rifle	300 WinMag	80
Shotgun	12 Gauge	123456	Shotgun	12 Gauge	80

Usually we will meet you at immigration and assist you with the rest of the paper work.

3. CLOTHING REQUIREMENTS

Most important is a pair of well broken in, ankle length boots. Bring a broad rim hat to protect your neck and ears against the sun. Bring something warm for the evenings and early mornings, especially during our winter (June, July and August). It gets cold at night! To protect our clients we suggest that they hunt in long pants and long sleeved shirts. Most of our bushes have thorns! Make sure you pack no bright colors - khaki and/or faded blue, green, etc will be the best. Above all, travel light! We have daily laundry services in all our camps, which means yesterdays clothes will be available tomorrow.

4. CAMERAS, ETC

Power supply is 220 volt. If you will require recharging, make sure you bring an inverter. Bring lots of film and make sure your camera bag is dust proof.

5. SPECIE AVAILABILITY

Not all species are available in all camps. Best is to let us have your wish list and leave the camp decision to us.

6. COSTS

When you calculate costs according to our price list, you can rest assured that there will be NO hidden costs. What you see is what you will pay.
